FOREWORD

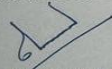

In the captivating realm where ancient wisdom intersects with modern science, "Pharmacodynamics and Pharmacokinetics of Panchakarma" emerges as a beacon of knowledge, bridging the gap between traditional Ayurvedic principles and contemporary pharmacological understanding. This pioneering work by Dr. Punam Sawarkar and Dr. Gaurav Sawarkar with all authors delves into the intricate dance of therapeutic actions and physiological processes, unraveling the secrets behind the profound efficacy of Panchakarma.

Panchakarma, a cornerstone of Ayurveda, has stood the test of time as a holistic approach to healing and rejuvenation. However, in an era driven by evidence-based medicine, the integration of pharmacodynamics and pharmacokinetics into the study of Panchakarma is both timely and essential. Dr. Punam Sawarkar and Dr. Gaurav Sawarkar take on this ambitious task with scholarly finesse, providing a comprehensive exploration that marries ancient insights with the rigors of contemporary scientific scrutiny.

This book is a testament to Dr. Punam Sawarkar and Dr. Gaurav Sawarkar's deep commitment to advancing our understanding of Panchakarma through the lens of pharmacology. The author skillfully navigates the intricate web of Ayurvedic principles, unraveling the mechanisms that underlie the therapeutic effects of Panchakarma therapies. Through meticulous research and a discerning eye, Both editors and other scholarly authors not only elucidate the ancient practices but also connect them to the nuances of drug actions and metabolic pathways, ushering in a new era of integrative medicine.

As we embark on this enlightening journey, readers will find themselves captivated by the seamless blend of tradition and innovation. Both editors and all authors of this book invite me to appreciate the richness of Ayurvedic wisdom while embracing the analytical rigor of modern pharmacology. The result is a work that not only enriches the academic landscape but also empowers practitioners and researchers alike to explore the synergies between ancient healing traditions and contemporary scientific methodologies.

"Pharmacodynamics and Pharmacokinetics of Panchakarma" is a milestone in the evolution of Ayurvedic literature, offering a profound contribution to the dialogue between tradition and science. Whether you are a seasoned practitioner, a curious researcher, or a health enthusiast, this book beckons you to embark on a transformative journey, where the ancient art of healing meets the precision of pharmacological science.

(Vaidya Raman Ghungralekar)

DIRECTORATE OF AYUSH

Preface

In the ever-evolving landscape of medical science, the integration of traditional healing practices with modern pharmacology stands at the forefront of innovative healthcare. This book, "**Pharmacodynamics and Pharmacokinetics of Panchakarma**," embarks on a journey to explore the intricate interplay between the ancient wisdom of Panchakarma and the contemporary principles of pharmacology.

Panchakarma, an age-old therapeutic approach rooted in Ayurveda, has been revered for its holistic and personalized approach to restoring balance in the body, mind, and spirit. As we delve into the profound principles of Panchakarma, this book seeks to bridge the gap between the traditional wisdom of Ayurveda and the scientific rigor of pharmacodynamics and pharmacokinetics.

Our understanding of medicine has undergone a paradigm shift, embracing the idea that effective healing must encompass both the ancient and the modern. The integration of Panchakarma with pharmacological concepts not only expands our comprehension of traditional practices but also provides a solid foundation for evidence-based healthcare.

This comprehensive exploration covers the mechanisms of action, kinetics, and dynamics of the therapeutic interventions employed in Panchakarma. From herbal formulations to therapeutic procedures, each element is scrutinized through the lens of pharmacology, shedding light on the molecular intricacies that underlie the efficacy of these time-honored practices.

We are indebted to the rich legacy of Ayurveda, and through this book, we aim to pay homage to the ancient sages and scholars who laid the foundation for Panchakarma. Simultaneously, we embrace the spirit of scientific inquiry, acknowledging the importance of critically analyzing these practices to ensure their integration into modern healthcare in a safe and effective manner.

This book is intended for practitioners, researchers, and students alike, fostering a dialogue between traditional healing systems and contemporary scientific methodologies. It is our sincere hope that the insights gleaned from this exploration will contribute to the advancement of both Ayurveda and pharmacology, ultimately enhancing the quality of healthcare for individuals around the world.

As we embark on this intellectual journey, we invite readers to join us in unravelling the mysteries of Panchakarma through the lens of pharmacodynamics and pharmacokinetics, forging a path towards a harmonious integration of ancient wisdom and modern science in the pursuit of optimal health and well-being.

Dr. Punam Sawarkar

Associate Professor, Dept. of Panchakarma,

Acknowledgement

Our acknowledgments can't take the start unless we thank the almighty first for giving us the will and opportunity to serve humankind through Ayurveda. At the same time, it gives us immense pleasure to remember our ever-inspiring parents with great Dedication towards them with whose blessings, inspiration, and proper healthy moral support; we have been able to reach this height.

We express our deep sense of gratitude to all esteemed and learned authors, Dr. Kalpana Gholap, Dr. Vignesh Pillai, Dr. Santoshkumar Bhatted, Dr. Anandaraman Sharma PV, Dr. Prathibha C.K, Dr. Sweety Ruparel, Dr. Rakesh Shukla, Dr.Ashvini Kumar M., Dr.Shilpa Yerne, Dr. Navin Chandra Joshi, Dr.Vandana Avhad, Dr. Chandramouleeswaran P, Dr.Supriya Bhalerao and Dr. Mythri HS, as without their contribution, this book would not be completed.

We acknowledge our deep gratitude to Shri Dattaji Meghe, Hon. Chancellor, Datta Meghe Institute of Higher Education and Research (Deemed to be University) for providing their blessings and encouragement. We are extremely grateful to Shri Sagarji Meghe, Shri Sameerji Meghe, Shri. Raviji Meghe, Shri. Abhyudayaji Meghe and the entire DMIHER management team for their constant support.

We express our sincere thanks to Dr. Raman Ghungralekar, Hon., Director, AYUSH, Directorate AYUSH, for his insightful wisdom and inspiration through foreword for this book.

We wholeheartedly thank Dr. Vaishali Kuchewar, Dean, Faculty of Ayurved, Datta Meghe Institute of Higher Education and Research (Deemed to be University), for her valuable guidance and encouragement at all times. We are also thankful to Empyreal Publication House, for its assistance and support for the publication of this book.

Our reverences are silent when we express the pure warm, sweet, and bright flame of gratefulness to our loving parents have always encouraged and driven us toward novel things. Above all, I thank the Almighty God for being with us in all walks of our life. "To err is Human" – certain names who could be directly or indirectly helpful in this work might have been missed unintentionally. Thanks are due to all of them.

ABOUT AUTHORS 265 – 268

ABOUT THE EDITORS

Prof. Dr. Punam Sawarkar [B.A.M.S.M.D. (Panchakarma), Ph.D. (Panchakarma), certificate course of Keraliyan Panchakarma (Kerala), C.G.O.] Presently working as Professor, & Ph.D. Supervisor, Dept. of Panchakarma, Mahatma Gandhi Ayurved College, Hospital and Research Centre, Salod (H), Datta Meghe Institute of Higher Education and Research, India Wardha, Maharashtra. Having experience of 12 Years in the field of Clinical practice, Academics and Research after obtaining PG Degree. Awardee of total 37 Awards (Best Teacher National Award in Panchakarma) (2022) by Ayurveda Teachers Association, Pune, Best Thesis Award (2022), Award of excellence in Panchakarma (2021) and 33 best paper, poster and best essay awards. Published 4 books, more than 118 research papers in various PubMed, Scopus and web of science journals and 60 Chapters in different 15 Books of national and international publications. Total 119 Copyrights registered and 1 patent Granted under her account; presented total 103 Paper presentations in various international & national conferences), participated in more than 135 Seminars and workshops in India and abroad. Delivered many guest lecturers/ Invited lectures in National and international conferences.

Prof. Dr. Gaurav Sawarkar [B.A.M.S.M.D. (Rachana Sharir), Ph.D. (Rachana Sharir), M.Phil.] Presently working as Professor, & Ph.D. Supervisor, Dept. of Rachana Sharir, Mahatma Gandhi Ayurved College, Hospital and research centre, Salod (H), Datta Meghe Institute of Higher education and Research, India Wardha, Maharashtra. Having experience of 13 Years in the field of Academics and Research after obtaining PG Degree. Awardee of total 26 Awards (Best Teacher National Award in Rachana Sharir (2023) by Ayurveda Teachers Association, Pune, Best Teacher Award (2022), Young Scientist Award (2021) and 22 best paper and poster awards. Published 9 books, more than 110 research papers in various PubMed, Scopus and web of science journals and 49 Chapters in different 11 Books of national and international publications. Total 77 Copyrights registered and 3 patents Granted under his account; presented total 45 Paper presentations in Various international & national conferences), participated in more than 155 Seminars and workshops in India and abroad. Delivered many guest lecturers/ Invited lectures in National and international conferences.
